Professional Headline

Computer Science Student | Aspiring Software Developer | Social Media Management Intern

Professional Summary

A motivated Computer Science student at CIIT College of Arts and Technology with a background in Information and Communications Technology from senior high school. Passionate about building practical applications using Python, Java, and JavaScript. Previously interned as a Social Media Management Intern, where I combined technical and communication skills to create engaging digital content. Eager to apply problem-solving abilities and collaborative mindset to real-world software development projects.

Technical Skills

Languages: Python, Java, JavaScript, HTML/CSS, SQL

Frameworks: React, Node.js, Flutter

Tools: Git, VS Code, Android Studio, MongoDB

Soft Skills: Team Collaboration, Problem Solving, Communication, Time Management

Certifications / Microcredentials

Introduction to Cybersecurity – Cisco Networking Academy (June 2026)

- Learned cybersecurity basics and gained insights into security challenges.
- [Verification link](#)

Data Fundamentals – IBM SkillsBuild (June 2026)

- Learned the concepts, methods and applications of data science.
- [Verification link](#)

Featured Projects

Loan ERA System (Loan Eligibility and Risk Assessment) - [GitHub](#)

A Java and MySQL-based application that evaluates loan applications and assesses borrower risk. Helps financial institutions make data-driven lending decisions using Java Swing for the frontend and XAMPP for database management.

Simple Savings Tracker - [GitHub](#)

A web-based personal finance tool built with HTML, CSS, JavaScript, PHP, and MySQL. Allows users to log income, track expenses, and monitor savings goals in one place.

Hotel and Restaurant Management System - [GitHub](#)

A Java-based desktop system that handles room reservations, order tracking, and billing for small hospitality businesses. Demonstrates object-oriented programming and CRUD functionality.

Experience

March 2024 - April 2024

Jose Abad Santos Memorial School - *Head Social Media Management Intern*

- Managed the school's official Facebook page, ensuring timely and relevant updates for students, parents, and staff.
- Designed and developed a short interactive quiz game to promote the school's programs and increase student engagement.
- Documented major school events through photos and written summaries, then uploaded content to the school's private Facebook group.
- Collaborated with faculty advisors to align social media content with school branding and communication goals.

Education

August 2024 - Present
