

Zophie Ong

📍 Quezon City, Philippines ✉ zophieong@gmail.com ☎ (917) 306-6380 🌐 in/zophie-ong

PROFESSIONAL SUMMARY

Computer Science student at CIIT College with a background in ICT. Passionate about building practical applications using Python, Java, and JavaScript. Previous experience as a Social Media Management Intern, combining technical skills with digital content creation. Eager to apply problem-solving abilities to real-world software development.

EXPERIENCE

Head Social Media Management Intern

Jose Abad Santos Memorial School

March 2024–April 2024, Quezon City, Philippines

- Managed the school's official Facebook page (1,200+ followers), ensuring timely and relevant updates for students, parents, and staff.
- Designed and developed a short interactive quiz game to promote the school's programs, resulting in a 20% increase in student engagement.
- Documented 7+ major school events through photos and written summaries, then uploaded content to the school's private Facebook group (1800+ members).
- Collaborated with 3 faculty advisors to align social media content with school branding and communication goals.

PROJECTS

Loan ERA System (Loan Eligibility and Risk Assessment)

GitHub: <https://github.com/zmc-ong/loan-era-system>

- Built a Java and MySQL-based application that evaluates loan applications and assesses borrower risk using Java Swing and XAMPP. Designed to help financial institutions make data-driven lending decisions.

Simple Savings Tracker

GitHub: <https://github.com/zmc-ong/simple-savings-tracker>

- Built a web-based personal finance tool using HTML, CSS, JavaScript, PHP, and MySQL. Allows users to log income, track expenses, and monitor savings goals in one place.

Hotel and Restaurant Management System

GitHub: <https://github.com/zmc-ong/hotel-restaurant-management-system>

- Built a Java-based desktop system that handles room reservations, order tracking, and billing for small hospitality businesses. Demonstrates object-oriented programming and CRUD functionality.
